Shockingly Good News!
EV Chargers Installed at Greenbank Farm

⚡ Big EV Charging Upgrades at Greenbank Farm

Greenbank Farm has officially added **12 new electric vehicle (EV) charging stations**, including high-powered DC Fast Chargers (DCFC)!
Thanks to a generous grant from the **Washington State Department of Commerce**, the Port of Coupeville partnered with **EVCS** to make this major infrastructure boost happen.

The Charger Breakdown:

- **6 New DCFC "Fast" Chargers: Operating at 200 amps for rapid top-offs.**
- **6 New Level 2 Chargers: Operating at 40 amps for standard charging.**
- **2 Original Level 2 Chargers: Operating at 35 amps. These two remain free to use & are partially powered by the farm's solar panels!**

About the Grant Program

- Greenbank Farm is one of 511 sites across Washington to receive funding in this initial round.

Open Daily 8 to 5

The traps are ready, the butter is melting... Crab season is open! 🌊🦀

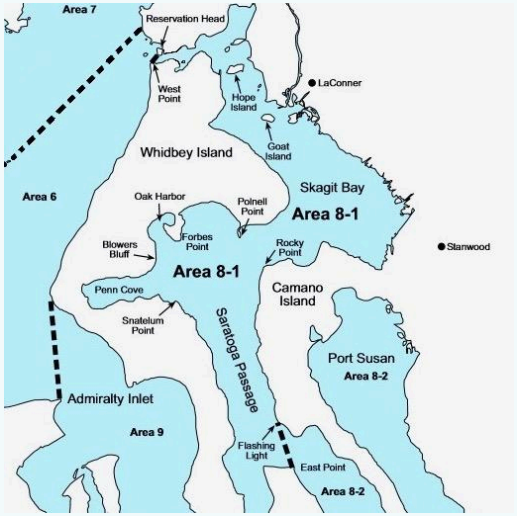

Let's keep it legal, ya skallywags! Before you head out, get your license and make sure you know the "3-S" rules: **Size, Sex, and Season**.

🛑 No females, hardshell males only, and don't forget to log your catch immediately!

The WDFW rules are **knot** something to mess with!

Play it safe by knowing your open days, daily limits, and gear requirements before you head out.

Let's protect the Puget Sound crab population so we can keep *shell-ebrating* for years to come!

If you're going crabbing around Whidbey Island or Penn Cove, you'll likely be in Marine Area 8.1
